Who We Are

Who We Are

Kissart Group Limited, established in 2007, is a Ghanaian-registered full-service engineering and construction company delivering tailored solutions across industrial, commercial, and residential sectors in Ghana and beyond. With a strong focus on mining and industrial projects, we combine global standards with local expertise to deliver high-quality, cost-effective outcomes.

Backed by a multidisciplinary team and strategic international partnerships, we offer end-to-end services including design, construction, maintenance, and consultancy using innovative techniques and sustainable approaches.

Our commitment to excellence, collaboration, and creative problem-solving positions us as a trusted partner in engineering and infrastructure development across Africa.

Accomplished Leader in engineering services

Kissart is an accomplished leader in engineering services who offers simple, innovative and sustainable solutions to complex Engineering Challenges.

Who We Are

We Believe in Building Strong Brands and Integrated Strategies

OUR VISION

We seek to be recognised as the leader in the services that we provide within the industry we operate in, to earn the privilege of being the conglomerate company of choice within Africa and beyond.

OUR MISSION

To provide sustainable value for all our stakeholders by delivering to our clients the highest level of quality service with strong consideration for realistic but affordable cost.

OUR VALUES

Kissart Group believes that conscientiously and continuously striving to deliver sustainable competitive advantages to enhance customer satisfaction and long term increased profits.

Why Choose Us

One - Stop - Solution

We provide End-to-End Services from Design, Engineering, Construction, Maintenance & Consultancy

Proven Experience

Over a decade of successful project delivery across industrial, commercial, and residential sectors since 2007.

Multidisciplinary Expertise

Skilled team of engineers, technicians, and project managers offering end-to-end solutions.

Strategic International Affiliations

Partnerships that ensure access to global standards, technologies, and best practices.

Tailored Solutions

Customised engineering and construction services designed to meet each client's unique requirements.

Commitment to Quality and Safety

Strict adherence to quality assurance protocols and occupational health and safety standards.

Innovative Approach

Adoption of advanced techniques and tools for efficient, cost-effective, and sustainable outcomes.

Strong Local Knowledge

Deep understanding of regional challenges and regulatory environments across Ghana and Africa.

Reliable Delivery

Timely project execution supported by strong logistics, in-house capacity, and responsive support teams.

Sustainability Focus

Emphasis on environmentally responsible practices and long-term value creation.

Client-Centric Culture

Open communication, collaboration, and a service-oriented mindset to build lasting

Why Choose Us

Training and
Retraining
of Personnel

Commitment to
Health, Safety,
Environment
and Quality

Commitment to
Sustainability

Commitment
to Achieving
ISO Certification

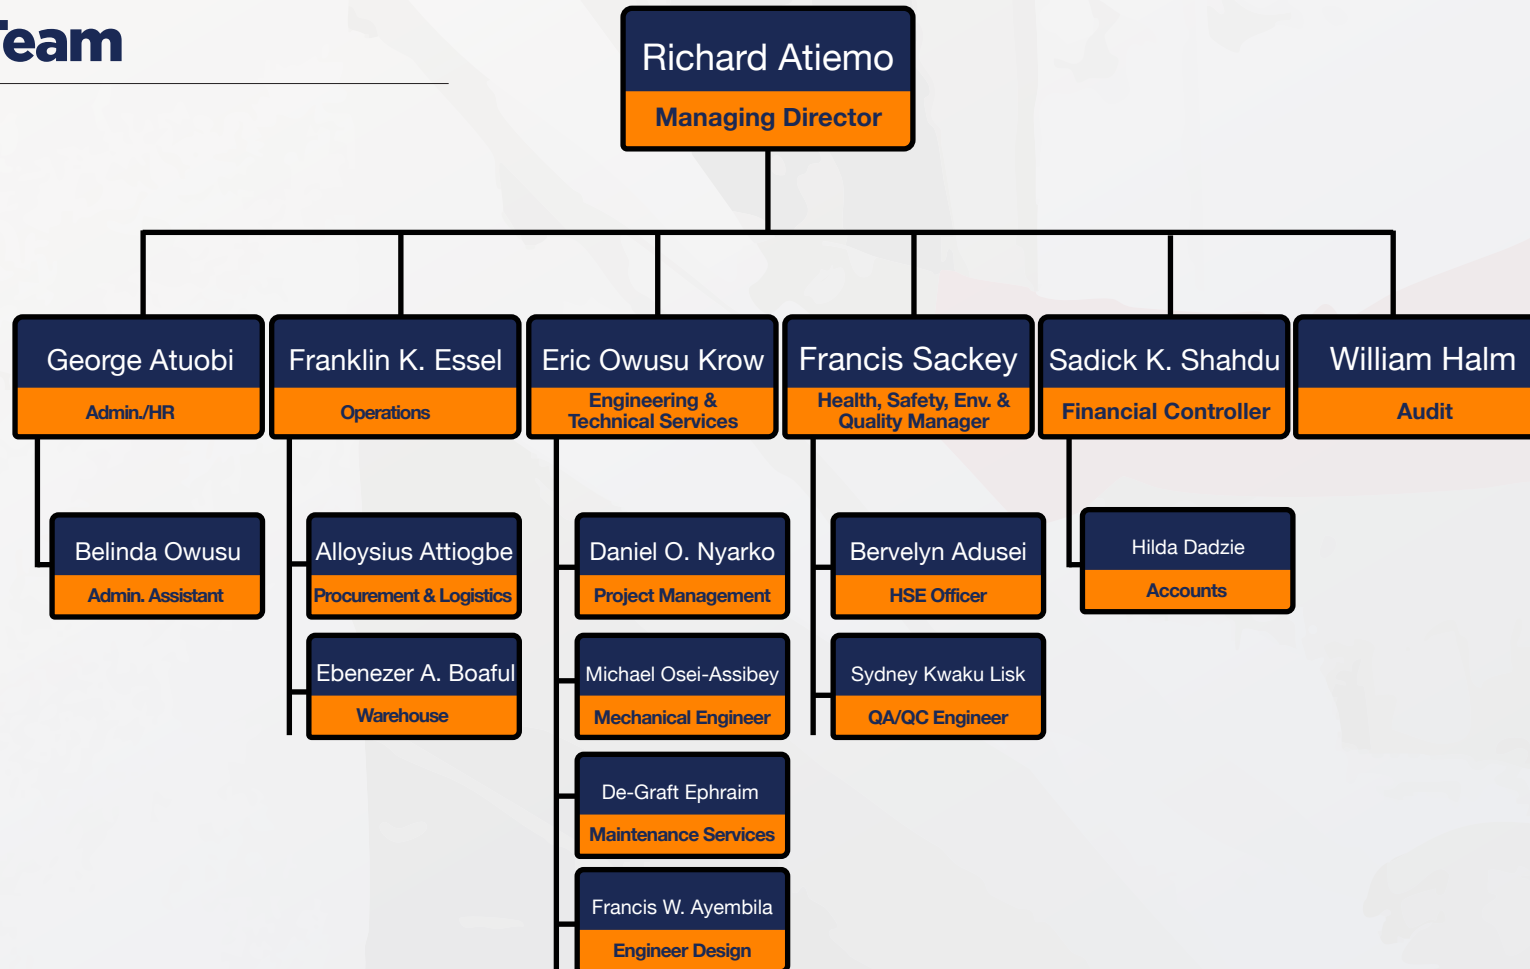

At Kissart Group Ltd, our strength lies in our people. We are powered by a multidisciplinary team of highly skilled engineers, technicians, project managers, and support professionals who bring diverse experience and deep industry knowledge to every project.

Committed to excellence, innovation, and safety, our team works collaboratively to deliver tailored solutions that meet the unique needs of each client.

Through continuous training and development, we ensure our staff remain at the forefront of emerging technologies and best practices in the engineering and construction sectors.

LETTER OF RECOMMENDATION

Kissart Group Limited since 2017, has provided varied services to Tullow Ghana Limited.

Recently, Kissart Group Limited worked closely with us on the construction of the Infrastructure Power Upgrade Project (substation) at our Shore Base operational site in Takoradi. The project was successfully completed on time and within budget.

They exhibited professionalism and resilience in the provision of their services to our satisfaction as a client.

Kissart Group Limited has our confidence, as they have delivered and continue to deliver in an extraordinary manner, and we highly recommend their services to other companies.

Thank you.

Yours faithfully,

Najeeb

To whom it may concern

16th October 2017

Dear Sirs,

LETTER OF COMMENDATION

During 2014 – 2017, NMS Infrastructure engaged Artikas, a subsidiary of KISSART Group Ltd. on the construction of the new Shai Osoduko District hospital at Dodowa for the Government of Ghana. They provided the design, supply, installation, commissioning and through-life maintenance for all of the mechanical, electrical and plumbing in the hospital. The task was complex and the budget was limited.

They assembled a professional team covering architecture and all the specialist engineers, purchasers and tradesmen required for the job. The task was carried out professionally and the work was delivered well.

We would be pleased to recommend them for similar work. Please do not hesitate to contact me if further details are required.

Yours sincerely

Peter Marks
Programme Director
